# ES900 TIME RECORDER

*The World's Most Recognized Time Clocks.*

# ES900 Time Recorder

Atomic feature synchronizes time automatically providing accurate time from U.S. Atomic Clock. Features built-in back-up battery that ensures the perpetual calendar will maintain the correct time, even through daylight saving time changes.

- **Always on time**

Electronically combines the functions of the time recorder, time stamp and numbering machine under the same cover.

- **Multi Purpose/Multi Function**

The ES900 identifies employee punches that are before or after normal punching periods with the I-Mark (\*), the irregular mark.

- **Makes auditing time cards easier and quicker for more accurate payrolls**

**Electronic Time Recorder, Time Stamp & Numbering Machine – three essential office functions in one time recorder.**
